Where Family Space Meets Everyday Convenience

Space, flexibility and a location that genuinely works for families, this four-bedroom, two-bathroom home delivers all three without compromise. Thoughtfully laid out across a single level, the residence is designed around the way busy households live, with dedicated zones for working, playing, gathering and unwinding, all united by a floor plan that flows effortlessly.

The main bedroom occupies the front of the home with a walk-in wardrobe and private ensuite - a considered retreat from the rest of the household that parents will appreciate. Towards the middle of the layout, a flexible fourth bedroom or fully enclosed office provides a dedicated work-from-home setup or focused study space, while three further bedrooms, each with wardrobe storage, are serviced by the central main bathroom with bathtub and separate shower. This layout gives everyone their own space without the home ever feeling divided.

To the rear, an open-plan living and dining zone sets the tone for relaxed family...
